Description: An astonishing book: honest, sober, exciting, and humane... [Shrinks] brings you to the very forefront of one of the most amazing medical journeys of our time. –Siddhartha Mukherjee
Psychiatry has come a long way since the days of chaining lunatics in cold cells. But, as Jeffrey Lieberman, MD, reveals in his eye-opening book, the path to legitimacy...

Review: Although I am a graduating medical student with no interest in Psychiatry, I found this book extremely illuminating and a joy to read. It covers the history of psychiatry with a very balanced approach, albeit with an occidental bias....
